

# Termly Texts Overview Year A

This overview shows the key texts chosen as vehicles to engage and teach aspects of the English curriculum (and support learning in other curriculum subjects, such as History, Geography and Science). It is not set in stone and teachers will be open to choosing new books that have recently been published or something they discover by recommendation that they know will interest their class. In addition, children will be immersed in books and texts not listed here. For example, non-fiction books linked to other subjects studied, such as History or Science, poems, personal reading choices and stories chosen by the children or teacher for daily 'story-time.'
